- A website needs to be made after the title is filed
- Possible fundraiser Ideas were shared: SANTA, silent auctions, recipes from family members to be made available on the website for a donation, and softball tournaments

Action item: Abel read aloud the resolution that will be submitted to the title company when signing for the title of the property. A copy of all the paperwork will be made before it is taken to be filed at the county courthouse. Bill will take the paperwork to the county on Tuesday morning.

Call to the public was made by Abel-

1. Adele shared that Irma Sainz reached out to her through maureen and was expressing anger about the vandalism that had occurred to the church. Irma also wanted to know how soon an interview disclosing current information about the land situation to the Patagonia regional newspaper can be completed.

2. It was discussed and agreed by the board that Adele would reach out to Irma and invite her to the family clean-up to be held on Nov. 1 in Lochiel. Interviews and photos can be done on that day.
3. It was also discussed and agreed by members that Irma should be the one to speak to the newspaper once she has been updated with all the current /accurate information.
 - It was pointed out by Adele that this would be a nice way to begin possible fundraising and receiving donations now that the foundation requires money- bills, website, and repairs to the church.

A call to adjourn the meeting was made by Abel.

Audra motioned to end the meeting, and Bill seconded it.
